

TRPC guidelines for submitting images to the TRPC web site Membership page.

As a **TRPC** club member you have the opportunity to showcase your photographic work on your own web page within the **TRPC** web site. This opportunity is open to all club members and is completely voluntary. Club members are eligible to submit and artist's statement and up to 8 images. Club members are also invited to submit one headshot of them selves to be included on their web page if they wish. Members have the opportunity to include any or all of the above mentioned criteria. Members are not required to participate as this is a purely voluntary exercise.

Guidelines

An **artist's statement** is an artist's written description of their work. It is a brief verbal representation for, and in support of, his or her own work to give the viewer understanding. As such it aims to inform, connect with an art context, and present the basis for the work; it is therefore descriptive, or reflective in nature. *Please view William Bay's artist statement as an example. You can also find examples of photographic artist statements on-line.*

Image Submission

Members can submit up to **8 images total** to be included in their gallery. Each image must be named with the makers name (**example – John Smith #1, John Smith #2, John Smith #3 etc...**). If images are not named with the photographers name then they will not be used. One image can also be submitted as the photographer's headshot in addition to the 8 images that will be in the member's gallery. Please name headshot photo with your name & headshot (**example - John Smith_headshot**).

Image size will be **1024(width) x 768(height) at 100 DPI** for all images including headshot. **Images are to be sent as JPEGs only.** If images are not correctly sized (including dpi) then they will be sent back to the maker to be resized. You may have your watermark (makers mark) on the images. Titles **will not be** included with image presentation. *Please see William Bay's images as an example.*

Once again, a member may choose to submit images for their gallery page with no artist statement or they may include everything with the exception of their headshot or they may include everything (artist statement, headshot and images). **Your choice!**
